From the New York Times bestselling author of Practice Makes Perfect comes an expanded edition of The Match a charming romance novel about second chances and the healing power of love, with a never-before-seen chapter. Sometimes love finds you when you least expect it. Evie Jones has dedicated her life and very limited funds working for Southern Service Paws, the company that matched her with the love of her life Charlie, a service dog trained to assist with her epilepsy. But its no secret that the company has been struggling to make ends meet. Its up to her and her longtime mentor and boss to throw the fundraiser of the century to keep the doors open. Then Evie meets Jacob Broaden at a client consultation meeting. There are instant sparks but not the good kind, because Jacobs daughter set up the meeting without his knowledge. Ten-year-old Sam has been recently diagnosed with epilepsy, and has wanted a service animal ever since. While he had hesitations at first, it doesnt take long for Jacob to be convinced that a service dog, and possibly Evie, with her magical, woodland-green eyes, might just be the best thing for him and his daughter. As Evie spends more time with Jacob and helps Sam find her perfect match with a lovable golden retriever named Daisy, she starts longing for something shes never had before a loving family. For Jacob, falling in love with Evie is the last thing he should be doing, but love has a way of finding those who need it most.
