She thought she was safe... A singer and a soldier share faith and danger in this pulse-pounding romantic thriller from the USA Todaybestselling author. Mackenzie Winters spent years building a life in Witness Protection, but when someone shoots at her, she fears her cover has been blown. Could the brother of the drug lord she put away be here for revenge? Mackenzie must rely on her handlers twin, world-weary Delta Force soldier Aaron Hanning, to protect her. Aaron doesnt want to be anyones hero, but he cant let this brave woman die. Now, with danger stalking them, theyll have to make a daring choice that means life or deathfor them both. Phillips sophomore effort for LIS is engaging from early on. The developing relationship does not detract from the increasing suspense. Mackenzie demonstrates that it is perfectly fine to ask for and accept forgiveness. RT Book Reviews tags:
