James Caldo needs to control everything in his life, even his wife, Izzy Gallo. But she's headstrong and has a need to test her husband's limits as much as he pushes hers. When a case at ALFA takes a dark turn, James is forced to get Izzy involved in an undercover sting, and the assignment will test her sexual boundaries as well as the very foundation of their relationship. Can Izzy hold her tongue long enough to keep them both safe? Or will her unwillingness to fully submit draw the eye of the very man they're after?
