North American Edition of the UK Bestseller How identity politics failed one particular identity. a must read and if you think YOU dont need to read it, thats just the clue to know you do. SARAH SILVERMAN a masterpiece. STEPHEN FRY Jews Dont Count is a book for people on the right side of history. People fighting the good fight against homophobia, disablism, transphobia and, particularly, racism. People, possibly, like you. It is the comedian and writer David Baddiels contention that one type of racism has been left out of this fight. In his unique combination of reasoning, polemic, personal experience and jokes, Baddiel argues that those who think of themselves as on the right side of history have often ignored the history of anti-Semitism. He outlines why and how, in a time of intensely heightened awareness of minorities, Jews dont count as a real minority.
