ISBN-13: 9780966170221

PowerNomics analyzes the complex web of racial monopolies and Black America's inappropriate behavior patterns that are driving it into a permanent underclass status. Dr. Anderson proposes new concepts that teach Blacks new ways to see, think, and behave in race matters. His new education, political and economic action steps are designed to make Black America self-sufficient and competitive by the year 2005.
