Their mission: stop the enemy from unleashing their superweapona genie in a bottle. And that is only the beginning of an adventure that will take them quite literally to Hell and back ...Operation Chaos was one of the truly fine fantasies of the 1970s, a fantasy whose magic was so splendidly engineered that you felt it was as logicaland as likelias our real technology.Harry TurtledoveA great read, from a master writer at the top of his game.GirlsWithGuns.orgOperation Luna: Now married with three rambunctious children, Steve and Ginny once again find themselves fighting for their country as they try to stop a plot to sabotage Americas first manned mission to the moon (in an alternate history timeline, that is).
