An innocent heiress and unwanted wife takes matters into her own hands and her indifferent Greek husband into her bed for one unforgettable night... Leah Huntington's safety was entrusted to Greek tycoon Stavros Sporades, but the rebellious heiress was a beacon for fortune hunters. The only way for Stavros to protect her was to marry her himself! But their marriage was just a facade. Five years later, the sassy woman who sashays back into Stavros's life demanding a divorce is completely different from the wayward girl he married. Stavros demands Leah prove her troubled past is behind her before he grants her freedom. But one night in their marital bed reveals that his alluring wife might have been innocent all along... Based on the marriage of convenience trope, it had two adorable characters, a wonderful plotline and loads of sizzling chemistry... So much heat! Harlequin Junkie
