One piece of paper can change everything After my parents received the letter I failed out of college, they didn't ask questions. They just sent me to work for my great aunt in rural Louisiana. I'd spent the last year dealing with a cheating boyfriend and backstabbing sorority sisters, so I figured I could handle the swamp. Enter the most infuriating and gorgeous guys I'd ever met, Blaine Crabtree. But as the bayou heat starts gathering, so do my feelings for the southern charmer. If only things weren't so complicated. He plans to never leave his tiny town and has commitment issues. And my commitment? Well, that's supposed to be going back to college... But sometimes a piece of paper and one summer really can change everything. For better or worse. Books in this series: My Paper Heart On Paper Wings A Paper Trail These Paper Walls tags:
