Based on the Reese's Book Club Pick and New York Times best-seller Fair Play, this couple's conversation deck will help you rebalance your to-do lists, reclaim your time, and rediscover and nurture the skills and interests that make you uniquely you. Whether you just moved in together, hit a snag in your domestic bliss, or are struggling to keep with your growing family, this adaptable card deck will help you balance the work needed to keep your household humming. Here's what you're going to do 1) Sit with your partner for an hour when you're relaxed and feeling good (food and drink help!) 2) Lay out all the task cards, choose only the ones that apply to your family, and take turns deciding which tasks you'll own completely 3) Claim your Unicorn Space cards, which allow you time and space to develop and pursue activities and skills that bring you joy whether it's learning a new language, playing music, or training for a marathon. Setting both of you up for success in your relationship and parenting, The Fair Play Deck will change the way you think and talk about your home life.
