William Manchester's epic and definitive account of President John F. Kennedy's assassination. As the world still reeled from the tragic and historic events of November 22, 1963, William Manchester set out, at the request of the Kennedy family, to create a detailed, authoritative record of the days immediately preceding and following President John F. Kennedy's death. Through hundreds of interviews, abundant travel and firsthand observation, and with unique access to the proceedings of the Warren Commission, Manchester conducted an exhaustive historical investigation, accumulating forty-five volumes of documents, exhibits, and transcribed tapes. His ultimate objective to set down as a whole the national and personal tragedy that was JFK's assassination is brilliantly achieved in this galvanizing narrative, a book universally acclaimed as a landmark work of modern history.
