Three Dog Job If you are ever fortunate enough to meet a three-legged dog, there's a good chance that dog's name is LUCKY. This three-legged dog is, in fact, named Lucky. Lucky walks through the yard with the gusto one would expect from a dog with a lot more moxie than Lucky seems to possess. Lucky is confident. He believes he will be a hero. Lucky thinks he is the smartest dog in the world, he's not. When Lucky and his friends venture out to steal wieners, they have great fun! Unfortunately, one of them gets caught. Now Lucky will risk everything to save his friend. Three Dog Job is a story about COURAGE, loyalty, and LOVE.
