Ethan Frost, the irresistible leading man from the New York Times bestsellers Ruined and Addicted, returns once again in Exposed. Will Ethan Frost go too far for the woman he loves? The moment Chloe Girard walked into my life, she exposed secrets and emotions I always thought were best kept buried. She wants to move on, to ignore the past. But I cant do that. Not when she still suffers. And not when the man who hurt her remains unscathed. So when I discover the perfect opportunity to make him pay for what he did to Chloe, I cant walk away, no matter the consequences. But theres a fine line between justice and obsession. As I turn up old crimes and new lies, I know that Im playing with fireand risking the very foundations of our relationship. My love for Chloe is absolute. I just hope its enough to save us both.Look for all of Tracy Wolffs seductive reads:The Ethan Frost series:RUINED
