Cunningham's classic introduction to Wicca is about how to live life magically, spiritually, and wholly attuned with nature. It is a book of sense and common sense, not only about magick, but about religion and one of the most critical issues of today how to achieve the much needed and wholesome relationship with our Earth. Cunningham presents Wicca as it is today a gentle, Earth-oriented religion dedicated to the Goddess and God. Wicca also includes Scott Cunningham's own Book of Shadows and updated appendices of periodicals and occult suppliers.
