Some mistakes are worth repeating. Liza knows that cocky billionaire Matt Russo is the wrong man for her. She could make a long list of reasons why she'd be smart to stay away, including his tenacious ex-girlfriend, the fact he's trying to destroy her family, and, oh yeah, did she mention he's a cold, distant bastard? However, after their tempestuous one-night stand, she's finding it hard to hang on to their well-established nemesis routine. Matt is the master of control of his life, his emotions, his future. Except, of course, for that night he slipped up...with Liza Moretti. Reassuming his grip on the reins, he's determined it won't happen again. Unfortunately, doing the right thing in regards to the tempting woman fails because doing the wrong things with her-to her-are too alluring to resist. An impromptu invitation to share his private plane leads to an unexpected break from reality and some very steamy nights in Hawaii. Until real life comes knocking and Matt is forced to face the mistakes of his past. Mistakes that could destroy the one thing he can't control, and the one thing he can no longer live without-Liza.
