New York Times Bestselling Author of I Am Legend When a mysterious imposter steals his identity and life, mathematician Chris Barton is suddenly thrust into a whirlwind of danger and intrigue. Overnight, without warning or explanation, people he has never met are trying to kill him-not even his own sister recognizes him. On the run, from California to London to Paris and beyond, vicious assassins pursue Chris while cryptic messages lead him on a wild, danger-filled chase around the world. Full of twists and surprises, this is the story of an ordinary man driven to the breaking point in a high tension game of deceit and betrayal where there are no rules, nothing is as it seems, and it is always . . . 7 Steps to Midnight.
