Introduction

I used skillcertpro AZ-104 Exam Dumps and found them to be an excellent resource. The set of questions included both scenario-based and hotspot questions, similar to those in the actual exam. I was able to clear the exam with a score of 948/1000 on my first attempt. I have used their practice tests for other exams as well and have been very satisfied with the quality.

skillcertpro AZ-104 exam dumps are up-to-date, reflecting the latest exam patterns and questions. The detailed explanations for each question helped me understand not just the correct answers but also the reasoning behind them, deepening my understanding of Microsoft Azure administration.

I consistently scored around 80% on their mock exams, which boosted my confidence. The bi-weekly updates ensured that I was studying the most relevant and recent material. Additionally, their free AZ-104 Master Cheat Sheet is a concise and effective review tool that allowed me to quickly recap key topics just before the exam. The cheat sheet is so comprehensive that there's no need to refer to any other documentation. It's a perfect last-minute revision aid that ensures you have all the essential information at your fingertips.

The real exam questions were very similar to those in skillcertpro practice tests. I found that approximately 70-80% of the questions in the actual exam were covered word-for-word in these practice tests. This was confirmed by my colleagues who also took the same exam.

It costs around \$20, but it's worth every penny considering the quality, lifetime access, and lifetime free updates.

They also offer a 100% money-back policy if you're unable to clear the exam on the first attempt. Their support is better compared to others. I raised a couple of queries, and they responded promptly within 4 hours, even connecting me with the instructor on chat to clear my doubts.

Beware of free dumps available online, as many contain incorrect answers and can misguide your preparation. Investing in skillcertpro ensures you receive accurate, high-quality, and up-to-date resources. I have no affiliation with skillcertpro; this is purely based on my positive experience with them.
