Larry Schweikart has won wide acclaim for his number one New York Times bestseller, *A Patriots History of the United States*. Now, with *A Patriots History of Globalism*, Schweikart shows that globalism, or the attempt to form a one-world government is nothing new. In the wake of Napoleons defeat in 1814, the globalists of the day (mostly monarchs) sought to create a governing arrangement for Europe. Within forty years, three of the major participants were at war with each other. After World War I, they tried again at Versailles, this time even more aggressively changing boundaries of nations and moving populations. That attempt only lasted twenty years before another major war between the participants. Yet again, after World War II, globalists used the threat of the atomic bomb to try to form an international government with the United Nations. Most recently, the World Economic Forum and World Health Organization are attempting to minimize nationalities with global control of money and medicine. But there are signs this tide has been reversed and is finally in decline. *A Patriots History of Globalism* is the gold standard text for the history of globalism.
