Maggie had her entire life planned out since the age of twelve, looks like the joke was on her. As all of her carefully laid plans begin to fall apart she jumps at the opportunity to get away and spend a carefree summer down south. When she arrives at Devereux Manor it all seems too good to be true. The home is beautiful, the town is inviting, and the sexy gardener promises to make this a summer she won't soon forget. However the more she learns about the elusive Ms. Devereaux she begins to realize that the conveniently placed ad in front of her dorm room may not have been the happy coincidence that it once seemed. Maggie isn't the only one who Ms. Devereaux has lured to the plantation, and Ms. Devereaux isn't the only one with secrets to hide.
