Savior or seducer. I am not sure which one he's playing at. He is forbidden, after all. I am married to a rockstar. Appearances must be upheld. But what does it mean when your marriage is breaking, and the dark, mysterious savior is offering you things you have never had before? Do you say yes? Or do you say no? He owns a s*x club. So the promises he is making might very well hold true. It's risky to do this with a stranger. But how much of a stranger is he really?
