Nevertheless, there is a need to provide additional ACI SP, Examples for the Design of Structural Concrete with Strut-and-Tie ModelFree download as PDF File.pdf) or view presentation slides online Introduction Derivation of strut-and-tie models for the ACI Code Experimental verification of strut-and-tie models Deep beam design in accordance with ACI Alternative design for the non-slender beam (deep beam) Dapped-end T-beam supported by an inverted T-beam Corbel at column Double corbel Deep beam with opening Beam with indirect support and loading Prestressed beam Strut-and ACI SP contains selected papers presented at the ACI Fall Convention by members of ACI Subcommittee A, Shear and Torsion: Strut-and-Tie Models. ACI SP contains selected papers presented at the ACI Fall Convention by members of ACI Subcommittee A, Shear and Torsion: Strut-and-Tie Models. Additionally, two ACI special publications—ACI SP and ACI SP were developed by Subcommittee A, Strut & Tie, of Joint ACI-ASCE Committee, Shear and Torsion, in which the application of STM was illustrated through various design examples. This ACI SP, Examples for the Design of Structural Concrete with Strut-and-Tie e download as PDF File.pdf) or view presentation slides online ACI special publications—ACI SP and ACI SP were developed by Subcommittee A, Strut & Tie, of Joint ACI-ASCE Committee, Shear and Torsion, in ACI SP Author: American Concrete Institute (ACI) Subject: Examples for the Design of Structural Concrete with Strut-and-Tie Models Created Date/30/ACI SP, Examples for the Design of Structural Concrete with Strut-and-Tie ModelFree download as PDF File.pdf) or view presentation slides onlineACI SP contains selected papers presented at the ACI Fall Convention by members of ACI Subcommittee A, Shear and Torsion: Strut-and-Tie Models. This publication shows engineers how to apply strut and-tie modeling in accordance with Appendix A This publication shows engineers how to apply strut and-tie modeling in accordance with Appendix A included with the ACI provisions.
