Miss Busby investigates: Murder at Little MintonA picturesque Cotswolds village at Christmas 1922, a man found face down floating in the lake. He was known to take a risk, an insurance salesman; debonair, charming and sweet-talking. His clients were all ladies of a certain age, but nothing was as it seemed; he was playing a game, he pushed his luck, he put a price on his head and somebody decided to collect. Miss Busby helped Major Heathcliff Lennox solve a series of murders at Bloxford in the Cotswolds. Now she finds herself drawn into a new murder, but this time, it's just her, and she must rely on her sharp mind, and sharper wits, to catch a Cotswolds killer. Along with a handsome police inspector, and a reporter who's keen to make her mark. Full of twists and turns, "Miss Busby Investigates: Murder at Little Minton" is a real page-turner that will keep you guessing until the very end. With its strong protagonist and charming Christmas setting, this book is a must-read for fans of classic whodunits and cozy mysteries alike.
