The B&N Exclusive Edition will include a double-sided coloring poster! The world of John Green's kid-favorite InvestiGators series expands with the first volume of AGENTS OF S.U.I.T., a brand-new spinoff shining a light on some of Mango and Brash's colorful coworkers. Cilantro the Chameleon finally gets what she's been waiting for: a field assignment. Only...it's literally out in the middle of a field, and her orders are so vague, she can hardly tell what she's supposed to be investigating. But as she begins to uncover a sheep-led worker's rights revolt and an alien invasion conspiracy—not to mention a spooky haunting at the abandoned S.U.I.T. field outpost—Cilantro steps into her own V.E.S.T. as a valued member of the team. Joining this series is co-writer Chris Hastings and artist Pat Lewis, with John heavily involved in guiding the Agents along this standalone but complementary saga.
