ISBN-13: 9781411469228

Imagine if your child's teacher simplified all the topics covered in elementary school and put them on easy-to-read, laminated charts that fit directly into notebooks and binders. That's what FlashCharts do! What is American sign language? What is its alphabet? This highly visual six-page chart helps learners master the basics, including the hand symbols for all the letters. It's a great way to communicate with anyone.
