What will Andrew draw next? Join Andrew, a young artist with a big imagination, as he embarks on an adventure that starts with a simple whisker and expands to cosmic proportions! With every drawing, Andrew's world transforms from a small cat lounging on a windowsill to the great vastness of the universe. His drawings will guide you through incredible landscapes, each more awe-inspiring than the last. This story will take early readers on a creative journey, teaching them about the scale of the universe and the power of their creativity. They'll discover that a simple doodle can open up worlds of possibilities. Andrew Drew a Cat is a celebration of imagination, a lesson in scale, and a tribute to the artist in every child.
