"In Mixed Company combines theory, applications, and current research on small group Today, communicating is affected by many different aspects of human language and behavior; for example, nonverbal communication can be just as relevant as the exact language forms chosen. Opening cases give an immediate context to each chapter's main theme and key principles Communicating in Small Groups: Principles and Practices provides a balanced overview of small-group communication theories and applications. With an emphasis on practical examples, technology, and ethical collaboration, REVEL for Communicating in Small Groups helps readers enhance their performance in groups Communicating in Groups provides a contemporary look at group communication while retaining the foundational research and theory that has made the text so popular Oxford University Press,Communication in small groups. Authors Steven Beebe and John Masterson synthesize coverage of principles and real-world applications to help enhance your performance in groups and teams Most of the time, however, we are not fully conscious of the assumptions and beliefs involved in a communication exchange with someone from LA MissionCommunicating in Groups provides a contemporary look at group communication while retaining the foundational research and theory that has made the text so popular.
