V. Swami, A. Furnham. Department of Psychology, University of New Mexico, Albuquerque, New Mexico. The Psychology of Physical Attraction begins by discussing the role of evolution in the development of what it means to be 'attractive' in contemporary society. Physical attractiveness describes the degree to which a person's physical features are considered aesthetically pleasing or beautiful. V. Swami, A. Furnham. Personality traits are typically It provides a general overview of evolutionary psychology and mate choice, as well as an in-depth focus on physical characteristics such as physical symmetry, body weight and We then briefly contextualize these empirical findings and theoretical ideas in the broader landscape of interpersonal attraction. What is Beautiful is Good. Preface: The Difficulty of Being a Scientist-Interested-in-Physical-Attraction. It provides a general overview of The Psychology of Physical Attraction begins by discussing the role of evolution in the development of what it means to be 'attractive' in contemporary society. , · Corpus IDThe psychology of physical attraction. Published in Psychology. One of the most explored areas of research ELSEVIER The Evolutionary Psychology of Physical Attractiveness: Sexual Selection and Human Morphology Nigel Barber Birmingham-Southern College Psychological evidence suggests that sex differences in morphology have been modified by sexual selection so as to attract mates (intersexual selection) or intimidate rivals (intrasexual selection) The psychology of physical attraction. The Naked Woman and Man Published in Psychology. Steven W. Gangestad and Glenn J. Scheyd. What Pythagoras Unleashed Upon the World. Preface: The Difficulty of Definitions. Darwin, Sexual Selection and the Peacock's Tail. It provides a general overview of evolutionary psychology and mate choice, as well as an in-depth focus on physical characteristics such as physical symmetry, body weight and ratios Physical characteristics (e.g., narrow waist, long legs, and medium-large breasts) play an important role in determining attractiveness and selecting a potential mate, particularly in men's evaluations of women (Dixon, Grimshaw, Linklater, & Dixon, 1998; Singh, 1997; Singh & Young, 1998). This chapter focuses on the perception of The Evolution of Human Physical Attractiveness.
