Overview :

A single dads, friends-to-lovers, bi awakening MM Romance. We're a puzzle made of two pieces. Landon Larsen is the envy of all the dads in Last Waters, Texas. He's cool, confident, and put together. He and his son?the high school's all-star quarterback?have the perfect father-son relationship. He?s such a Super Dad, it's almost sickening. I'm not cool, or confident, and my relationship with my son couldn't be worse. He's barely speaking to me, and a year after my wife died, we're both clinging to the wreckage of our family. Landon's son and mine are best friends and?of course?Landon is the football Team Dad. And though I know nothing about football, Landon convinces me to volunteer to be closer to my son. Volunteering might give him and me a chance to rebuild what's broken between us. Now I'm spending all my free time with the team?and with Landon?and the more we're together, the deeper our friendship grows. My son is opening up, too, little by little. I think I?m getting him
