Sarah Rennelle is a teacher who longs for nothing more than summer to return and her crazy roommate to find some sanity. Unfortunately, one wrong step into an alley and she becomes an eye-witness to a terrible crime. The episode leads her to a chance meeting with a handsome man who has his own terrible secret. Even with his mysterious demeanor she finds herself drawn to him, and more than for his good looks. Adam Grayson is a creature like no other. Hes neither vampire nor dragon, but a strange combination of the two. He wants only to survive in his dark world, but a young woman interferes with his single-minded focus. She brings with her a fresh face among old acquaintances, and with her comes a stirring hunger which he has forbidden himself to satisfy. He knows he must keep her out of his world, but a part of him wants her to stay by his side. His two halves fight over his decision, and her, as a deadly danger draws nearer to both of them.
