Ellis is unemployed, broke and nearly homeless until her best friend Sasha whisks her away to a Venetian villa to stay with a family friend. But her dream of a relaxing escape is shattered when she spies Sasha being spanked and seduced by their sexy, dominant host. Ellis quickly realizes the guests at the villa want her to join their intense erotic games, but she's never indulged such fantasies outside of her naughty stories. Now she has the chance to act them out but does she have the courage to give in?
