The more specific the goal, the better able people are to reach it. Goals basically guide our choices. What Chua and Rubenfeld propose is that success is fueled by three forces that are products not of race, but of culture. One of them is superiority complex, "a deep-seated belief" that the individuals or groups are exceptional. Get English language teaching and learning resources for teaching English to young learners, teenagers, and adults. Goals. A specific goal. Why? Answer Key: interpersonal; academic listening and reading; speaking and writing. Second language. Click the links below to view the Student Answer Keys in Microsoft Word format. A grading rubric included with each test. Specific goals lead to better performance than "do your best" goals.
