From USA Today bestselling author Joanna Shupe comes a spicy Anastasia story full of secrets and betrayal, set among the glittering streets of New York City's Gilded Age. In 1880 a baby was stolen from the wealthiest family in America. Though no ransom was ever demanded, the Pendelton family never gave up hope . . . and their reward became the stuff of legend. After being raised in a childrens asylum, Josie Smith ends up on the streets and quickly learns how to take care of herself. Her singing voice draws crowds on every corner, and she stops at nothing to become famous and travel the world, loved and adored by all. Maybe then she wont think about the family who gave her away as an infant. Leo Hardy isnt afraid to use his charm and wits to make a fast buck, especially with a mother and five siblings to support. When he stumbles upon a beautiful young woman singing on the street, Leo notices her striking resemblance to the infamous missing babys mother, Mrs. Thomas Pendelton. The Hardys lost everything thanks to the Pendeltons, and once Leo sees Josie, he seizes the opportunity to settle the score. All he needs to do is pull off the biggest swindle of his career. As the two are catapulted into Knickerbocker High Society, they grow closer to their goal, as well as to each other. But secrets can only stay hidden for so long. Soon the truth unfolds, and both Josie and Leo must separate whats real from whats just gilding.
