Welcome to Hoodoo, Texas--Mayberry with magic, midlife, and a dash of murder. I expected my forties to be filled with imbalanced hormones and an ex-husband or two. Instead, I died for the second time, was gifted a Thor hand, then sent a summons to my hometown of Hoodoo, Texas. The one place I swore never to return after being accused of murder. Now the plan is to get in, accept the mysterious inheritance, then get the heck out of Dodge. The good part is that the windfall comes with a lot of zeros. Unfortunately, it is also accompanied by a dilapidated haunted mansion and one heck of a stipulation. If I refuse the money or Azure House, the fortune will go to a stranger. Now I'm stuck wrangling unruly relatives, ghostly servants, grumpy vampires, and a vindictive ex who is a werewolf as well as the sheriff. Add a sexy and perhaps not quite human mogul, and I have a recipe for disaster. And if that's not bad enough, witches are dropping dead in Hoodoo. Guess who's at the top of the suspect list? Return to Hoodoo is a paranormal women's fiction novel set in a world best described as True Blood meets Queen Sugar.
