Featured on Rachel Maddow's Ultra Podcast.**REPRINT EDITION**This book presents the shocking findings from O. John Rogge's stunning investigation into the Nazi infiltration of the United States Congress. Rogge lays out in painstaking detail how the Nazi's used American taxpayer dollars to pump German propaganda across the country, in the hopes of keeping America out of World War II. Rogge documents the rampant anti-Semitism on stark display in the years leading up to WWII and lays out detailed evidence that members of Congress were in fact enemies of the people.This book presents the material in O. John Rogge's report of September 1946 to the Department of Justice, supplemented by items from the published volumes of a joint publication of our Department of State, the British Foreign Office, and the French government, Documents on German Foreign Policy 1918-1945, Series C (1933- 1937), and Series D (1937-1945).
