Coming as an Apple Original series from Ted Lasso co-creator Bill Lawrence and starring Vince Vaughn, here is a gleefully zany and incisively sharp tale from the funniest important writer in America (Miami Herald). Andrew Yancy-late of the Miami Police and soon-to-be-late of the Monroe County sheriffs office-has a human arm in his freezer. There's a logical (Hiaasenan) explanation for that, but not for how and why it parted from its shadowy owner. Yancy thinks the boating-accident/shark-luncheon explanation is full of holes, and if he can prove murder, the sheriff might rescue him from his grisly Health Inspector gig (its not called the roach patrol for nothing). But first-this being Hiaasen country-Yancy must negotiate an obstacle course of wildly unpredictable events with a crew of even more wildly unpredictable characters, including his just-ex lover, a hot-blooded fugitive from Oklahoma; the twitchy widow of the frozen arm; two avariciously optimistic real-estate speculators; the Bahamian voodoo witch known as the Dragon Queen, whose suitors are blinded unto death by her peculiar charms; Yancys new true love, a kinky coroner; and the eponymous bad monkey-who just may be one of Carl Hiaasens greatest characters.
