Jackson Decker - he is the perfect husband. The perfect father to my son. The perfect man. Fierce, loyal, protective and everything I've ever wanted. I'm happier than I ever imagined possible, but happiness is never easily won for people like me. Somebody, somewhere wants to ruin what we have, and to do that they're willing to risk the wrath of the entire Montoya family. Because the only problem with having it all, is the people who are waiting to take it all from you. When the lines between love and obsession are blurred, how do we know who we can trust? As old enemies resurface and family ties are tested to their very limits, who will come out on top? Fierce Obsession will take you on a rollercoaster of emotions. Full of tension and steam. It is book 4 in the LA Ruthless series, featuring the Montoya crime family. Publishers note: This is a dark Mafia romance which features dark themes that some may find disturbing, including extreme violence and scenes of a sexual nature.
