Within these incendiary pages, Dick Morris, Americas reigning Dean of political strategy and tactics, completely unmasks the treasonous behavior of arguably the worst first family to ever darken the doors of the White House. From the Foreword by Peter Navarro WAKE UP AMERICA! Each day brings shocking new revelations of the depth and breadth of the corruption of the Biden family. From China to Ukraine to Moscow to Iraq to Kazakhstan to Costa Rica to Florida to Romania and stops in between the Biden family has been in enriching itself by trading off the public offices and power accumulated by its mastermind: Joe Biden. The corruption of our own, elected leaders is the crux of Americas difficulties. United States laws do not prevent politicians, and even Presidents(!), from using their families to take bribes and payoffs before, during, and after they serve us in public office. New York Times bestselling author Dick Morris is a winning presidential strategist and the man Time magazine dubbed the most influential private citizen in America. In his new book, CORRUPT: The Biden Family's Dark Money, Morris lays-out the case against the Biden family and years of corruption and grift at the expense of taxpayers and the security of the United States. Since 2016, Dick Morris has been a behind-the-scenes adviser to Donald Trump, playing a key role in Trumps surprise 2016 win. And now, as the 2024 elections approaches, President Bidens corruption and that of his family are emerging as key issues, and Morris argues President Trump MUST win in 2024 to clean-up the dangerous cancer that has taken-over the White House and is endangering the security of the United States and the world. Stronger ethics laws embracing all the opportunities for theft that a big family offers are a partial answer. But the real answer is to stop electing weak people who succumb to easy-money around the world and especially to Chinese entreaties to office. There is no room for corruption at the top of our government and according to Morris, there is NO excuse for not electing Donald J. Trump in 2024 to clean it up. Within these pages, both Joe Biden and Communist China are revealed to be extreme dangers to an American nation now threatened from within by a variety of cultural, social, and economic crises largely of Bidens making and threatened from without by an authoritarian and fascist regime now engaged in the most rapid military buildup of a fascist regime since World War II even as this Communist Chinese regime aligns itself ever more closely with Americas other major existential threats in Russia, Iran, North Korea.
