NEW YORK TIMES BESTSELLER After The Black Elfstone and The Skaar Invasion comes the penultimate volumein the Fall of Shannara, a saga more than four decades in the making. The Skaar have arrived in the Four Lands, determined to stop at nothing less than all-out conquest. They badly need a new home, but peaceful coexistence is not a concept they have ever understood. An advance force under the command of the mercurial princess Ajin has already established a foothold, but now the full Skaar army is on the marchand woe betide any who stand in its way. But perhaps the Skaar victory is not quite the foregone conclusion everyone assumes. The Druid Drisker Arc has freed both himself and Paranor from their involuntary exile. Driskers student, Tarsha Kaynin, has been reunited with Dar, chief defender of what is left of the Druid order, and is learning to control her powerful wishsong magic. If they can only survive Tarshas brother, Tavo, and the Druid who betrayed Drisker Arc, they might stand a chance of defeating the Skaar. But that is a very big if . . . as Tavo now carries the Stiehlone of the most powerful weapons in all the Four Landsand is hellbent on taking his revenge on everyone he feels has wronged him.
