Choose from a selection of nearly 100 elegant designs in this nature-inspired coloring book, including speckled foxglove, feathery barn owls and shimmering scaled sea bass. Each of these artworks were originally drawn by some of the greatest botanical and nature artists of the 18th and 19th centuries, including John James Audubon, well known for his book, Birds of America, and Pierre-Joseph Redout who was once the official botanical artist to Empress Josephine of France. These full-color images are set alongside their equivalent black and white designs to provide inspiration. Relax and appreciate the spectacular colours of nature with this wonderful coloring book.
