

Glove Box

Nichwell have decades of experience in the gas separation and purification industry, and our people are the best in the business. Nichwell has developed the most advanced glovebox antechamber technology currently on the market, made possible by our patented seals and high-capacity gas purification train.

We maintain a quality management system that fulfills the requirements of the ISO9001:2008 standard. We are also CE, UL and NOVA certified. Certificates can be provided upon request.
