We'll cover essential topics, **IAAP CPACC** study strategies, resources, and tips to ensure you are well-prepared.

Understanding the IAAP CPACC Certification

What is IAAP CPACC?

The IAAP CPACC (Certified Professional in Accessibility Core Competencies) certification is a professional credential offered by the International Association of Accessibility Professionals (IAAP). It recognizes individuals who demonstrate a foundational understanding of accessibility and inclusion principles, practices, and standards. The CPACC certification covers a broad range of topics, making it suitable for professionals from various backgrounds, including web development, design, project management, and policy-making.
