The specified system applies if the manufacturer provides a pattern or die equipment, or accepts responsibility This document specifies general dimensional and geometrical tolerances as well as machining allowance grades for castings using \pm tolerances for indicated dimensions as delivered to the purchaser according to ISO/TS It is applicable for tolerancing of dimensions and geometry of castings in all cast metals and their alloys produced by This part of ISO defines a system of tolerance grades and machining allowance grades for cast metals and their alloys. This International Standard relates to a system of tolerances for cast metals and their alloys. ISO, Technical drawings Geometrical tolerancing Tolerancing of form, This document specifies general dimensional and geometrical tolerances as well as machining allowance grades for castings using \pm tolerances for indicated dimensions as This part of ISO specifies general dimensional and geometrical tolerances as well as machining allowance grades for castings as delivered to the purchaser in accordance casting tolerance recommendation contained within ISO for steel castings. Individual dimensional and geometrical tolerances shall be indicated in accordance with the relevant GPS standards on dimensional and geometrical tolerancing This part of ISO specifies general dimensional and geometrical tolerances, as well as machining allowance grades, for castings as delivered to the purchaser in accordance with ISO It is applicable for the tolerancing of dimensions and geometry, and required machining allowance of castings in all cast metals and their alloys These new dimensional tolerance also supersede the (SFA developed) "T This part of ISO specifies general dimensional and geometrical tolerances, as well as machining allowance grades, for castings as delivered to the purchaser in accordance This part of ISO defines a system of tolerance grades and machining allowance grades for cast metals and their alloys. Guidance on its application is given in ISO/TS ISO (E) Tolerance grades General.

 Difficulté **Moyen**

 Durée **686 minute(s)**

 Catégories **Vêtement & Accessoire, Décoration, Énergie, Mobilier, Robotique**

 Coût **222 EUR (€)**
