Genres are now viewed not as sets of discourse features, but rather as "orienting frameworks, interpretive procedures, and sets of expectations" Hence, language is intricately related to beliefs, opinions and ideologies (see van Dijk ; Wodak and Weiss ; Wodak). In P. V. Kroskrity, (Ed.), Regimes of language: Ideologies, politics, and identities Language ideology has been made increasingly explicit as a force. In the modern debate on ideology, two main argumentative strands or tendencies can be distinguished WHAT IS LINGUISTIC IDEOLOGY? Language ideology and linguistic differentiation. Ideologies This volume contributes to the study of language ideology by focusing on the historical processes through which ideological positions about the relationship of language and At times, use of language can lead to exclusion because the participants' language use does not match what is expected of them in a particular habitus (Bourdieu,) · Introduction. shaping the understanding of verbal practices (21,,, b,,,). he concept of 'ideology' is probably one of the most complex of all the terms mentioned above. Linguistic/language ideologies have been defined as "sets of beliefs about language articulated by users as a rationalization or justification of A language ideology can be a „correct" conceptualization of language or it can dissent from the facts, and be a fallacious interpretation of language (Seargeant,). This paper aims at tracing the interface of language and ideology mainly from two angles: philosophy and linguistics covering the period between and It deals with reviewing Irvine, J. T., & Gal, S. (). A growing literature at the intersection of international relations (IR), public policy, and comparative politics has explored the role that International Abstract.
