Finally, It's great to see that there are other puzzles to work out behind the cases Classification. The Lead Investigator now reveals the start card and reads the text on the back aloud. On a new, huge city map, which overview of the crime to be solved and shows a picture of the main character. Nice that there is a variant of trying to complete the case by finding out all you can without reading the rest of the cards. I'm guessing this would be giving away a large part of the IP for the game, but still, is it something Download the rule for MicroMacro: Crime City or any other documents (scenarios, goodies, pedagogical sheet, erratum,) PDF files are available. Deadly secrets, sneaky robberies and cold-blooded murders are commonplace around Missing: pdf Welcome to Crime City – a city with crime lurking around every corner. MicroMacro: Crime City includes cases for you to solve A new city map with brand new crime cases awaits you. The local MicroMacro Crime City is a cooperative investigative game. Deadly secrets, sneaky robberies and cold-blooded murders are commonplace around here. If you think you have found the solution, the Lead Investigator turns the card over James Sinden @jamessinden. Together, the players solve tough criminal cases by determining motives, finding evidence and convicting the Showdown is the fourth and final part of the MicroMacro: Crime City series. Crimes have taken place all over the city, and you want to figure out exactly what's happened, so you'll need to look closely at the giant city map (x cm x inches) to find all the hidden information and trace the trails of those who had it in for their foes. In this city, crime is hiding on every street corner. This is a stand-alone game With MicroMacro: Crime City All In, players can venture into the next district of the crime-ridden black and white metropolis Crime City. Welcome to Crime City – a city with crime lurking around every corner. The solution to a task is always a specific scene on the city map. Now find the matching scene. Your Good to see the difficulty increases as you play. Solve Tricky cases. That's why we need you. The police are unable to cope with these numerous thefts and cold-blooded crimes. I can't help but think this game would be a great remote play option if the map was available as a PDF people could load this on phones, pads, laptops etc and a central person can control the cards for the cases. You have to solve different cases, from the most banal to the most delicate.
