Beloved detective Hercule Poirot takes on an international gang of super-criminals and introduces the world to his identical twin, Achille Poirot. From Agatha Christie, who "created the modern murder mystery" (The New Yorker).When a series of apparently unconnected murders attracts the attention of Hercule Poirot, one small detail stands out the mysterious recurrence of the number four. Poirot travels from London to Paris and from Belgium to Italy, solving one mystery after another but always remaining a step behind the shadowy foursome he suspects are responsible. A final daring confrontation puts the eccentric detectives life on the lineuntil his twin brother, Achille Poirot, comes to the rescue.A
