This book contains specific, practical, and proven, psychological techniques that you can use to know a person's thoughts and feelings at anytime--often within minutes. Because the techniques can be applied instantly to any person in just about any situation, Dr. Lieberman has demonstrated their ease and accuracy on hundreds of television and radio programs. In a special report for FOX News, host Jeff Rosin declared, "It's simply amazing! I was with him and he was never wrong . . . not even once. I even learned how to do it and that's saying something." In fact, Dr. Lieberman has gone "head-to-head" on live television, with skilled polygraph examiners and scored just as well--every time. You Can Read Anyone shows step-by-step exactly how to tell what someone is thinking and feeling in real-life situations. And when the stakes are high--negotiations, interrogations, questions of abuse, theft, or fraud-- knowing who is out for you, and who is out to get you (or a loved one) can save you time, money, energy, and heartache. The New York Times put it best. In a feature article they simply said, "Don't lie to David Lieberman". And now you too, can learn the most important psychological tools governing human behavior and do more than just put the odds in your favor. Set up the game so that you can't lose.
