The first in a series of adult fairy tale retellings full of magic, romance, humor, and suspense from a Grand Master of science fiction and fantasy! A richly reimagined Snow White uncovers the secrets of her family's magical history in an alternate Edwardian London . . . As the daughter of a prominent British physician and a Brahmin woman of the highest caste, Maya Witherspoon graduated from the University of Delhi as a Doctor of Medicine by the age of 22. But the science of medicine was not Maya's only heritage. For Maya's aristocratic mother, Surya, was a sorceress a former priestess of the mystical magics fueled by the powerful and fearsome pantheon of Indian gods. Though Maya felt the stirring of magic in her blood, her mother had repeatedly refused to train her. Yet it was Maya's father's death shortly thereafter that confirmed her darkest suspicions. For her father was killed by the bite of a krait, a tiny venomous snake, and in the last hours of her mother's life, Surya had warned Maya to beware the serpent's shadow. Maya knew she must flee the land of her birth or face the same fate as her parents. In self-imposed exile in Edwardian London, Maya knew that she could not hide forever from the vindictive power that had murdered her parents. She knew in her heart that even a vast ocean couldn't protect her from the serpent's shadow that had so terrified her mother. Her only hope was to find a way to master her own magic: the magic of her father's blood. But who would teach her? And could she learn enough to save her life by the time her relentless pursuers caught up with their prey?
