Lindsay loves chocolate. It tastes good, it makes her feel good, it never cheats on her like her almost-ex-husband. It's her best friend. But someone wants her dead and uses her weak spot--chocolate--to try to murder her. Lindsay's only secret is the recipe for her chocolate chip cookies, but she is surrounded by neighbors with deadly secrets. Suddenly she finds herself battling poisoned chocolate, a psycho stalker, and a dead man who seems awfully active for a corpse. Her best friend and co-worker, Paula, dyes her blond hair brown, hides from everybody and insists on always having an emergency exit from any room. Secrets from Paula's past have come back to put lives in jeopardy. Determined to help Paula, Lindsay enlists the reluctant aid of another neighbor, Fred, an OCD computer nerd. In spite of his mundane existence, Fred possesses tidbits of knowledge about such things as hidden microphones, guns, the inside of maximum security prisons and how to take someone down with a well-aimed kick to his chin. As Lindsay battles the elusive stalker, poisoned chocolate, and the dead man, she will need more than a chocolate fix to survive. But that's always a good start.
