I'm not the sort of girl you take home to meet your parents. But our marriage of convenience is the perfect revenge... I find Darren Walker drowning himself in expensive whiskey. Young, handsome, and educated, he's the playboy son of a U.S. Senator, and his father's sudden death has hit him harder than expected. When he offers me millions of dollars to marry him, I want to tell him that I can't be bought. But of course, that's not true, and Darren is prepared to play dirty. He's made it his life's mission to squander his potential in order to avoid living in his father's shadow. But if he wants to see even one cent of his trust fund, he needs a wife. And not just any wife will do. Ours will purely be a marriage of convenience, and I'm going to be his final, perfect revenge. My name is Evangeline Bowen, and I'm an escort to the rich and powerful. But soon I'll be the wife of a Senator's son, who thinks he knows all my dark secrets. All of them, except for one... King of Nothing is the first book in The Kingmaker trilogy, a steamy marriage of convenience romance full of political scandal. The books must be read in order for the best reader experience. This book does end in a cliffhanger.
