An irresistible queer romance. Publishers Weekly, starred review! Its not long before their pet-centric arrangement sparks a person-centric desire Simon Burke has always preferred animals to people. When the countdown to adopting his own dog is unexpectedly put on hold, Simon turns to the PetShare app to find the fluffy TLC hes been missing. Meeting a grumpy childrens book illustrator who needs a dog walker isnt easy for the man whose persistent anxiety has colored his whole life, but Jack Mathesons menagerie is just what Simon needs. Four dogs, three cats and counting. Jacks pack of rescue pets is the only company he needs. But when a bad fall leaves him with a broken leg, Jack is forced to admit he needs help. That the help comes in the form of the most beautiful man hes ever seen is a complicated, glorious surprise. Being with Jack talking, walking, making out is a game changer for Simon. And Simons company certainly eases the pain of recovery for Jack. But making a real relationship work once Jacks cast comes off will mean compromise, understanding and lots of love. Carina Adores is home to romantic love stories where LGBTQ+ characters find their happily-ever-afters.
