This is the 1st Psychic Visions Novel from USA Today Bestselling author Dale Mayer. The visions could destroy her. But they might help him catch a killer... Shunned and ridiculed all her life for something she can't control, Samantha Blair hides her psychic abilities. She lives on the fringes of society - until drawn out. Against her will, she taps into a killer's victims. Each woman's murder, blow-by-blow, ravages her mind until their death finally releases her. Sam goes to the authorities, but will the rugged, no-nonsense detective in charge of tracking down the killer want anything to do with her? Detective Brandt Sutherland only trusts hard evidence. Yet Sam's visions offer clues he needs. Desperately. He learns they come at a terrible price though. And the more he discovers about her abilities, the more worried he gets. Her visions threaten the killer. Danger and desire collide. And now Brandt must play a deadly game he dare not lose. If he does, Sam won't have a vision of the next murder. She'll be the victim...
